APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 48499 is issued subject to the terms and conditions imposed in said Permit 48499 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

No perforations shall be put in the production casing from ground level to 100 feet.

The total combined duty of water under Permits 37985 (Certificate 10592), 45951, 50304, 50305, 50306 and 50307 shall not exceed 128.454 million gallons annually.

This permit is issued under the preferred use provisions of NRS Chapter 534. The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be (CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.75 cubic feet per second, but not to exceed 12.5 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before December 14, 1987

Proof of completion of work shall be filed before January 14, 1988

Application of water to beneficial use shall be made on or before December 14, 1988

Proof of the application of water to beneficial use shall be filed on or before January 14, 1989

Map in support of proof of beneficial use shall be filed on or before N/A
